

ARCQITONE®
VOGUISH SURFACES

THINKCONTEMPORARY

ARCQITONE®'s PHILOSOPHY

Arcqitone is a new generation architectural surface that brings together refined design, innovation, and performance. Created for architects and designers who demand both aesthetics and functionality, it offers the beauty of natural materials in a modern, versatile solution.

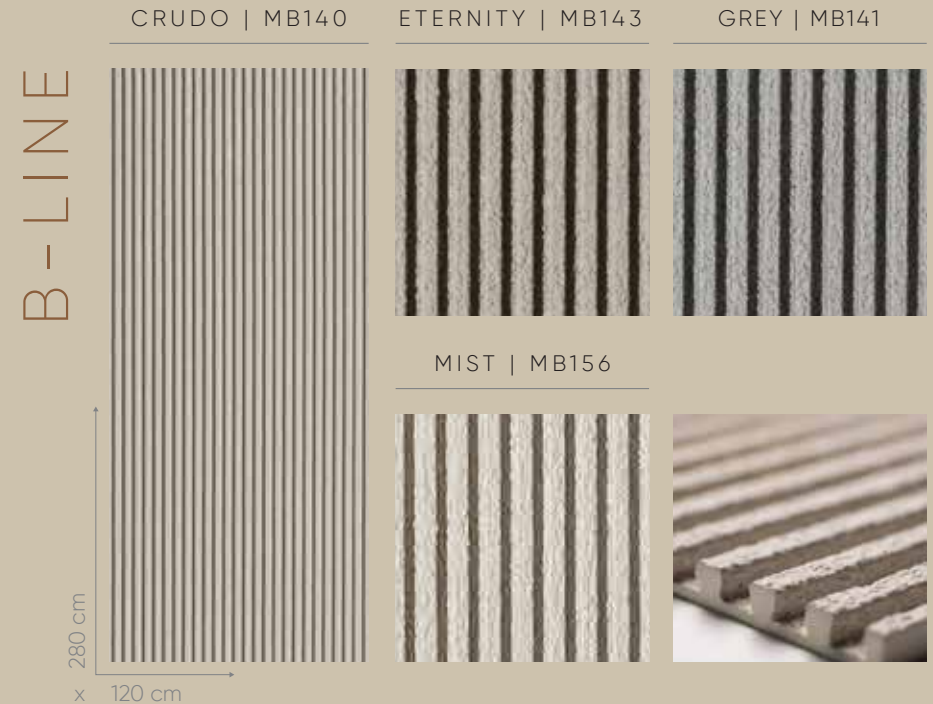

Sustainability at the Core

Sustainability is at the heart of Arcqitone. Our surfaces are EPD certified, offering transparent and verified insight into their environmental impact, and are VOC-free for healthier indoor spaces. With responsible production and long-lasting durability, Arcqitone is a smart choice for sustainable, forward-thinking design.

Next generation mineral-based panel

- Lightweight and flexible
- Mineral-based composition for an authentic stone look and natural texture
- Designed for fast and effortless installation
- Ultra-thin yet highly durable
- Maximum design freedom with minimal structural load
